AHCA Accelerated and Advance Payments FAQs

The AHCA Medicare Accelerated and Advance Payment [FAQs](#) was developed to supplement the recent CMS Fact Sheet related to this topic. These FAQs are based on preliminary feedback from CMS to member submitted questions. The Agency will be releasing its own version in the coming days, incorporating additional questions posed by members.

The accelerated and advance payment provisions permit providers to submit a request to their MAC on a simple form to obtain accelerated payments for Medicare Part A and Part B services for up to three months of historical billing. Providers will still be able to submit and be paid for claims during this period. After 120 days for receipt of the payment, providers will have a flexible process

to repay during the subsequent 90 days. This [AHCA FAQ document](#) contains additional details regarding the process and MAC contact information and links.
